

REMARKS

Claims 71-106 are currently pending, of which claims 71, 83, 84, 95, and 96 are in independent form.

No amendments have been made to the claims.

In the May 28, 2008 Prior Response to the Restriction Requirement of May 21, 2008, Applicant cancelled claims 68-70 and elected Group II Invention comprising claims 71-106 for examination. There was a typographical error on page 2 of the Prior Response whereby claim 71 was listed as both cancelled and previously presented, as noted in the outstanding Notice.

By way of the present supplemental response, the typographical error has been rectified. Claim 71 now is listed only as previously presented. It is therefore believed that Applicant's cumulative response is in compliance.
